

Introducing our Partner Advantage Program

providing you with a comprehensive value-added solution, expertise and tools to build an extremely profitable, high growth and customer centric Authentication, Anti-Counterfeiting and Brand Protection business.

Why Partner with Authentix

As the need for authentication solutions continues to expand, we believe companies are looking for proactive, innovative solutions with customizable features. Our partner centric approach is designed to help you grow your revenue by meeting those demands. We are proud to partner with premium printing service providers (PSPs) and converters.

Years of building our solutions expertise, together with our longstanding collaboration with our global customers, gives us insights into real-world application challenges and helps boost our joint business in key market segments.

About Authentix

As the authority in authentication solutions, Authentix helps customers thrive in supply and distribution chain complexity. We provide advanced authentication solutions for governments, central banks and commercial products, ensuring local economies grow, banknote security remains intact and commercial products have robust market opportunities. Our partnership approach and proven sector expertise inspires proactive innovation, helping customers mitigate risks to promote revenue growth and gain competitive advantage.
